

07-05-2018

Għeżież ġenituri/kustodji,

Nhar il-Ġimgħa 11 ta' Mejju ser norganizzaw attività u ser tkun ibbażata fuq il-ħela tal-ilma bħala parti mill-proġett *Water Explorer* li qed nieħdu sehem fih din is-sena. Grazzi għal dan il-proġett xtrajna parti mir-*Reverse Osmosis*. Din l-attività ser tibda **fi-10.30am** u se ssir ġewwa ċ-Ċentru. L-ewwel ser ikollna diversi preżentazzjonijiet minn diversi studenti miċ-Ċentru tagħna u mbagħad wara nieklu xi ħaġa flimkien. Inħeġġukom biex tattendu għal din l-attività.

Jekk jogħġbokom imlew il-formula t' hawn taħt (iva jew le) u ibagħtuha lura sa mhux aktar tard mill-**Erbgħa 9 ta' Mejju 2018.**

Grazzi

Ms. Yanika Agius

Dear parents/guardians,

This Friday 11th May, an activity focused on the waste of water is going to take place by the students at our Centre. This is part of the project named Water Explorer that we are involved in this year. Thanks to this project, we bought part of the Reverse Osmosis. This activity will start at **10.30am** and is going to take place at our Centre. First we will be having a number of presentations from various students from our Centre and afterwards we will have some light refreshments. Your presence will be much appreciated.

Please fill in the form below (yes or no) and send it by not later than **Wednesday 9th May 2018.**

Many thanks

Ms. Yanika Agius
