Agency SAPPORT 22568000	Social Work Services	Work with individuals having a disability and their families/carers to deal with their social problems in an effective way. Social Workers plan to meet the desired objectives of the service user and his/her family/carer through assessment, short-term and/or long-term interventions.
	Residential Services	Where the family home environment is not possible or available, the Residential Services enable persons with disability to live as independently as possible in the community. Such residential support is provided within small and personalised apartments and houses. The residents are supported in activities of daily living, skills-teaching, and community inclusion as set out in the clients' Individual Support Plans.

	Community Services	By adapting a holistic approach, the team aims to empower persons with disability and their families/caregivers through personal assistance, socialisation and intervention to improve their quality of life, and thus promote their right to learn, choose and develop their skills which are often taken for granted by persons without disabilities. The service is provided in both Malta and Gozo.
		Direct Payment - A financial package is offered to persons with disability giving them the opportunity to select their own personal carer to provide a service based on conditions and tasks agreed upon between the end service user and Agenzija Sapport. Independent Community Living Scheme is similar to direct payment. The ICL is a financial package offered to persons with disability to live more independently or provide more assistance in more intense situations.
Agency SAPPORT 22568000	Personal Assistant Fund -	Given that each individual's abilities and needs are different, the type of support and services that can be provided under the Personal Assistant Fund (PAF) vary, from personal hygiene, cleaning and domestic duties, food preparation, eating /drinking, shopping, and money management.
	Day Centres	The aim is to help persons with disability to continue developing their potential through different types of activities, and to provide support to their families so that such persons can continue living within the community without being socially excluded or institutionalised. The Day Services also aim to enhance each service users' ability in regards to independent living skills and thus empowering them to live as independently as possible and enhance employability skills to the maximum of the service users' potential.

	Sharing Lives	Is lead by the belief that people with disability have a right to live a full life as any other individual in society. Sharing Lives believes in the importance of informal learning and creativity play a major role in overcoming apparent obstacles. The aims are to facilitate access to events/activities in the community, enhance the social network of people with disability and initiate dialogue and collaborations between people with disability and mainstream society.
	Empowerment Scheme	The scheme aims to provide financial support and guidance to persons with disability enabling them to purchase equipment which would allow them to lead a more independent life. The Scheme is run by an independent Board which includes a number of professionals, who advise and provide information to persons with disability on how they can purchase equipment according to their individual needs.
		Applicants benefiting from this Scheme would also be entitled to full VAT refund if the equipment is bought from Malta. This scheme also offers subsidy on individualised transport services to persons with disability who would need to go to work, to a post-secondary education institution, or attend sports activities. Such subsidy is given to persons with disability who are not able to make use of the Public Transport.
	Grant on Purchase of Specialised Equipment	This grant will provide support and financial assistance to persons with disability and their families in relation to the purchase of special equipment. To be eligible for the grant, the application should be sent to Agenzija Sapport within 3 months of purchase of the special equipment.

Agency SAPPORT 22568000	Job Enhancing Skills Scheme	<p>This scheme aims to strengthen the abilities of persons with a disability by offering job opportunities and training to develop new skills thus increasing possibilities of seeking gainful employment. It is aimed to emphasise inclusivity and independent living and thus builds on other programmes offered by the Agency in the community, residential settings and day centres. At the end of the scheme, all beneficiaries are presented with a Certificate of Proficiency that show that they have completed successfully the training process and job placement.</p>
	Vehicle Road Licence Exemption Scheme	<p>This scheme allows people with disability or their parents/carers to be either partially or fully exempted from paying the annual road licence, depending on the age of the vehicle. Once all documents are set, the application documents are then sent to the Ministry of Finance. The decision letter granting exemption from payment of the road licence is ultimately issued by the Ministry of Finance.</p>
	Car Registration Exemption	<p>The aim of this scheme is to provide support and financial assistance to persons with disability and their families to acquire a means of transportation suitable for their needs. The application should be submitted to Agenzija Sapport before the vehicle is purchased. Once all documents are set, the application documents are then sent to the Ministry of Finance. Housing Authority 22991000	Scheme for persons with disability	To provide financial aid and technical advice to persons with disability to carry out adaptation works related to their disability in their residence.
	Installation of Lifts in Government Owned Residential Blocks/Entrances	Aim is to install lifts in Government owned blocks to render them more accessible.
		The mission is to strive to restore people with disabilities their particular humanity, that humanity which has been truly stolen from them. In order to achieve this, there must be created a warm family environment in which people would be able to develop as much as they are able, in order to live as happy as possible and become truly what they are.
Housing Authority 22991000	Is an organisation which helps both adults and children with disabilities. The education centres provide services to individuals with learning disabilities, through the stages of infancy, childhood and adolescence. Inspire's adult training programme aims at attaining self realisation through the fulfillment of each individual's aspirations and capabilities through the provision of individualised service to clients with intellectual disability who are over 16 years of age. Through its programmes and services Inspire is aiming to implement the concept of serious leisure for people of all abilities but is dedicated to give free of charge services for all persons with disability. Inspire (The Eden and Razzett Foundation) 20928100	All Inspire clients are assessed and provided with intervention based on individual need, this can be provided on a 1:1 basis or group sessions according to need. Physiotherapy: The Physiotherapy service includes the assessment, intervention, support and information provision for both clients and their carers. Therapeutic activities vary according to the nature of the needs of the client group and each client is provided with a set of individual physiotherapeutic goals. Sessions can be on a one-to-one basis or in a group environment, again according to the needs of the client. The main aims of physiotherapy are to support our clients' neuromotor development and enable them to manage with activities of daily living as independently as possible in their highest physical functional level. The Tutoring service at Inspire aims to support individuals with their educational development through the provision of materials and other resources that will help the child's learning, teaching and participation. This is carried out in collaboration with the parents/legal guardians, following a period of assessment, in order to establish & help each child achieve the desired goals. Sessions can be on a one-to-one basis or in a group environment, again according to the needs of the client. Marsascala
