Dear parents/carers

The Wardija Resource Centre which forms part of Maria Regina College will be dedicating a week to animal awareness in order to raise knowledge and education about different animals and their needs, while also collecting some donations in order to help the Wardija feeders and a local sanctuary. Over the coming weeks, our youngsters will be participating in several animal-related lessons and activities. You are kindly invited to join along in supporting this initiative by sending pet-food products. These will be gathered at the Centre and depending on the volume of donations gathered, will be given out to one or more local sanctuaries. We encourage you to participate in this good cause and look forward to receiving your kind donations to help our four-legged friends.

These pet food products will be collected until 27th October.

Thank you
